Average Wage Calculation

The average of salaries reported of graduates (2020-21 and 2021-22) employed in a related field, working 30+ hours per week. To keep wage information confidential, wages are only reported if five or more graduates provided full-time (30+ hours for the purpose of the report), training-related wages.

Survey Methodology

The survey population is comprised of students who graduated during the 2021-22 academic year (August 2021, December 2021, and May 2022). Surveys are sent in the mail, via email, and phone calls are made to non-responders. Responses from the 2021-22 graduates were gathered via Qualtrics survey software and analyzed by the Institutional Planning, Research and Grants office. A total of 1,576 responses were received, an overall response rate of 70%.
