NOTES:

1. Criminal Background Checks

Results of background checks will be released to external affiliating agencies prior to student placement. Students must notify CVTC of any changes in convictions and/or pending charges which occur after completion of the Criminal History Record Check and Background Information Disclosure Form and prior to program completion.

Note: Applicants who have been convicted of a drug related felony will not be admitted to the program. Any other convictions of any kind, including misdemeanors or felonies, may need special approval from a clinical site to be admitted to the program.

2. Drug Testing

Students **may** need to consent for drug testing and release of that information to external affiliating agencies for clinical experience. The drug test is a urine specimen which is tested for the presence of drugs, including but not limited to amphetamines, THC (marijuana), cocaine, methadone, opiates, and phencyclidine (PCP). CVTC is uncertain of what other types of drugs may be screened in the future. Payment for the drug screening is the responsibility of the student. A positive drug test will exclude a student from clinical placement which may result in dismissal from the Pharmacy Technician program.
