P = Practicum  
 31-307-1

= Infant/Toddler Care Specialist Certificate (TC-307-2)

# Child Care Tips

## **Pre-program Status Students**

The pre-program status student has been accepted into the college and is taking courses before actual entry into the program. Official entry into the program will take place in the fall. Pre-program students may have the opportunity to take courses that have openings. By completing courses ahead of time, students may decrease their credit load in the following semesters. For more information, please contact a program counselor at 1-800-547-2882, ext. 6346 or 715-833-6346.

## **Evening Course**

Full-time Child Care students may be required to take one evening course each semester.

## **Physical and Criminal Record Check**

A physical and criminal record check must be completed prior to placement at observation or practicum sites. The Wisconsin State Department of Health and Social Services (Office of Regulation and Licensing) states:

**If a person subject to a criminal record check is determined to have been convicted of or have a pending criminal charge substantially related to the care of children or the operation of the center, that person may not be licensed or allowed on the premises of the day care center or day camp and will not be able to take the clinical courses in the Child Care program.**

## **Alternate Courses**

If you plan on attending a four-year college/university after completion of this program, we **strongly recommend** that you take 809-198 Introduction to Psychology and 801-195 Written Communications. 809-351 Occupational Relations and 801-351 Applied Communications **will not** transfer to a four-year college.

**801-195 Written Communications** or 801-351 Applied Communications

**809-198 Introduction to Psychology** or 809-351 Occupational Relations

## **Additional Course Recommendation**

801-175 Job Search Communications (8 weeks), 1 credit, to be taken in the final semester
