

CHILD CARE

Western Regional Child Care Conference

Professional Development Seminars. Training geared to the working professional.

Proudly Introducing: Mary Sheedy Kurcinka

Challenging Child Behaviors: Helping All Children Be Successful

Why do some children "lose it" over seemingly insignificant issues? Have you ever been surprised by the perfectly mellow child who suddenly turns into an uncooperative monster, unable to get along with anyone else? What do you do when everyday activities turn into battles no one wins? How do you respond when a child refuses to listen, or shouts, "You can't make me"?

Join Mary Sheedy Kurcinka to discover:

- The link between physiology and behavior
- How to build relationships that keep children working with you, even during the tough times
- The REAL culprits behind challenging behaviors
- Effective strategies to help kids keep their cool and work cooperatively
- The pleasures of helping EVERY child be successful
