Training Focus

We've learned all the Lean tools and techniques and have had some successful events, but things just don't seem to stick. The next step in the Lean Transformation is developing a Lean Culture. The Culture is the glue that holds the tools together and gets all employees involved. This seminar will look at the elements of developing a Lean Culture and provide a series of weekly assignments for you to move your organization forward on this journey. The topics covered include: Understanding Lean and a Lean Culture, Leadership Skills for the Lean Leader, Personal and Interpersonal Effectiveness, Team Development, Organizational Change, and Measures of Success. Audience: Lean Practitioners, Team Leaders, Supervisors, Managers, Engineers, etc who are charged with implementing a lean initiative in their organization. Morning refreshments provided.
