

Chippewa Valley Technical College Loan Volume List

Be sure to write down the Lender Name and Code before you start filling out your MPN.

The lenders on this list provided one or more loans to our students during 2006 and 2007. We are providing this list to you as a starting place in determining who your lender will be. We do not endorse any particular lending institution.

Reasons for selecting a particular lender vary from person to person, such as name recognition, personal knowledge of the lending institution or it may be the borrower benefits offered by the institution. You may choose any lending institution that participates in the Federal Stafford Loan Program as your lender; they do not have to appear on this list. You can visit lender websites or contact lenders directly to determine if they offer benefits to students borrowers.

If you choose a credit union you must be a member of the credit union.
