

Articulation Agreement Between Globe University/Minnesota School of Business and Chippewa Valley Technical College

The purpose of this articulation agreement is to recognize that students from Chippewa Valley Technical College (CVTC) may transfer to a Globe University or Minnesota School of Business (GU/MSB) degree program after completion of a certificate, diploma or associate's degree at CVTC and to ensure ease of transfer for the student.

In order to be eligible for application, the student must have graduated from CVTC in a certificate, diploma or associate's degree program and provide proof of graduation via an official transcript. The applicability of the credit earned at CVTC to the student's program at GU/MSB, in light of the student's educational goals, will be taken into consideration. A minimum of 25 percent of total program credits must be completed at GU/MSB in order for the student to be awarded an academic credential by GU/MSB.

This agreement is in effect at the GU/MSB academic quarter beginning with the date of this fully executed document and shall continue until terminated by either party. Either party may terminate the agreement in writing without cause with 90 days written notification to the other party. Either party may terminate the agreement immediately due to any violation of any requirement of a federal, state or accreditation agency or body.
