RE: Presidential Search Update (Progress Report #2)

On behalf of the District Board, I would like to provide a brief update to let you know that we are on schedule with our national search to identify the next President of Chippewa Valley Technical College (CVTC). I would also like to take this opportunity to thank everyone who participated in the online survey, as well as the public forums, through which participants had opportunities to discuss the qualities and qualifications CVTC is seeking in our next president. Your feedback was insightful and valuable, and your contributions informed the development of the Presidential Profile which provides an overview of the ideal characteristics and minimum qualifications for the next CVTC President.

In early February, the Presidential Search Committee met for orientation and training and worked on the development of the Presidential Profile. On February 12, the District Board held a special meeting to review, edit, and approve the Presidential Profile.

The Presidential Profile is now finalized and can be found at the CVTC presidential search webpage: <https://www.cvtc.edu/presidential-search>. With the completion of this profile, applications are now being accepted.

The target date for applications is March 29, 2021.

The District Board is committed to conducting an equitable, inclusive, and transparent national search process. If you have any questions or suggestions, please feel free to reach out to our ACCT Search Consultants:
